Severus Prince

"Hey Snivellus, how you doing?". Severus Snape tried hard not to flinch at the insults coming from James Potter.

"Shut it James. Go away". Lilly glared at the said Potter. She didn't understand the reasons behind the Marauder's contempt towards Severus. He hadn't done anything wrong. And there was no way he was in love with her, he was gay and Lilly had a girlfriend. James knew it too.

Throughout the conversations, severus remained silent, he didn't want to intervene. He wanted to stop Lilly, tell her that it was impossible to drill sense into Potter. He remained silent anyway.

The entire hall was listening. Why wouldn't they? All the students of hogwarts found Severus as a plaything, merely for entertainment purpose. They enjoyed every insults thrown at him. Even the professors weren't concerned about him. However they never did anything too far to piss him off, seeing he was the heir to one of the most powerful wizarding families. He could swear that he saw the headmaster laughing merrily when a whole bucket of green slime was poured on him last Christmas. After all, he was always considering the Marauders and no one else.

"Whatever Lilly" James just rolled his eyes and left the duo alone. Lilly being the good friend she was, changed the topic and started talking about the upcoming potions test.

The semester had just begun but the professors were already flooding them with class tests and works. Never bothered Severus though.

Severus' mind was elsewhere, he was thinking about what his papa had told him. He had powers. Powers that hadn't appeared in over thirty centuries. He was neko, a Water Neko. His entire life source was concentrated around the element. And he shouldn't let anyone hear about it. A Neko was rare and an elemental Neko was even

rarer. He was sure that there would be handful of people who would like to claim him as theirs. After all he was a male bearer.

Being a Neko had its perks. In simple words, you become pretty. But it also had it downfalls. For example, Severus was praying that Lilly wouldn't notice his height decreased over the break.

" Are growing shorter Sev? you were even more taller last year."

Speak of the devil.

"What are you talking about Lilly? You can't loose your height." He tried his best conceal his panicking body.

Lilly hummed in response and turned to do whatever she was doing earlier. Severus focused on his food. He could feel eyes on him. After a while, it became unbearable. He looked up to see Lucius Malfoy looking at him in interest.

what? A pureblood must know that it is rude to stare at another heir. Severus eyed Lucius, hoping he would back down. He didn't.

Severus tried ignoring the Malfoy heir for the rest of the dinner.

He bid his byes to Lilly before returning to dungeons. He never followed the path all the students followed, he would be tripped, hexed and even punched. He chose an abandoned corridor for getting to his dorms.

He walked through the deserted hallway, looking at the portraits, waving at the familiar wizards.

You see, Severus was a polite person. A perfect pureblood. Calm and collected. He wasn't liked by anyone, not because he was unbearable, but because of his reluctance to be sociable. He didn't like people around him. Most took it as his ego. It was far from that, Severus stayed away from people so that his magical outburst wouldn't hurt people and they wouldn't find out his deepest secret.

Being a Neko wasn't easy.

He was pulled away from his thoughts by the Malfoy heir.

"Hey Sev" The malfoy heir purred.

"What do you want Malfoy?"

"Its actually simple Sev, I want you". Lucius pushed Severus against the wall, his eyes filling with lust.

"With this face and ass, do you think I could control myself? You are just like a creampi-"

Lucius never got to finish that sentence. He was cut of by a sharp kick in the no no zone.

"Keep your hands to yourself Lucius. One step out of the line, I am sending you to askaban." Severus said to the withering Malfoy on the floor before fixing himself and walking away like nothing happened.

Did I tell you that Severus was super talented in fighting. He didn't take bullshit from anyone, Neko or not.

I **hope you understood Severus' character. And please keep in mind that this is a Sniddle fanfic. Although I ship Jeverus, I also ship Sniddle and there are not many fanfics on them.**

●●●●

Today was his mother's seventh death annversary, not that he cared about the woman anyway. She had trapped his dad through a marriage contract and took him from his true love, his papa. The young Prince fell into the trap of the witch. What can I say? Love always finds a way back. He was grateful, his papa had fought for his Dad, and sent the witch to Askaban, where she died. But he never showed the prejudice he held against his mother to him. His papa loved him, more than his Dad.

Severus got out of his bed. A warm bath is all he needed now. Later he would go and find Newt Scammander. Newt was his best friend, a Ravenclaw. He wasn't like the others and was tolerable and quiet interesting to keep around. The Slytherin quickly washed himself and went to the forbidden forest where he was sure to find Newt.

"Hey Sev" Severus jumped two feet up in the sky.

"What the hell Newt? I would have crucioed you". Newt just chuckled in response and continued to speak about whichever creature he had talked to. Severus just took out his potions book.

"Well, well, if it isn't Snivellous and his boyfriend". Newt was cut off by the familiar voice of their long term bullys. The marauders.

"Fuck off Black" The Slytherin spat back and returned to his book.

" See you in at dinner git". The said black sneered at his before collecting his little dimwitted minions and running off the castle.

His life was getting harder each minute. One, he knew that Lucius was pulling a marriage contract with him, and the spring was coming, he would need his mate. Just amazing.

" Severus , you are zoning out." Newt wrapped his hands around Severus' squeezing it gently. He knew about Severus being a neko. In simple words, Newt need not to be told about something, he

always has his nargles to keep him updated, whatever that thing is.

" You just need some fresh air". He dragged him out of the table.

" Newt stop, let's go back. I am still hungry."

"No sev, I am not letting you go until you tell me what is wrong with you."

" Fine Newt, I need to find my mate before spring and God know who that is".

What he didn't know was, the very person who was his mate was hiding behind a piller along with his friends and plotting something devilish. James and his friends soon left after these words spilled from his mouth.

Only one thing roamed in James' mind.

' Tomorrow is going to be interesting'

The Rejection

The next day was like any other day to Severus. He met with Newt and Lilly and had a proper breakfast, but it was too peacful to be true.. Also there were no sign of the marauders.

Suddenly James entered the hallway with his goons trailing behind him. He stood in one of the tables and faced the entire hall

" To all my friends, I am a werewolf. I have a mate.(This earned a lot of hushed whispers from the hall, especially from ladies). And I have found him(this earned a lot of disappointed moans) Yes you heard it right. It's a him. But I am not gay and even if I as, I would never fall for a pathetic Slytherin like him.

Things were starting to make sense.

" He is nothing but dirt under my shoes an deserve to rot in hell. I would prefer to marry a tree than get together with him. And so I James Potter reject you Severus Prince as my mate".

All eyes turned to him.

Severus felt suffocated.

He couldn't breath.

He stood and slowly walked out of the hall.

" Well that was fun" James laughed as he sat down and started having his drink. None of the teachers seemed to be fazed with his stunt, in fact he was quiet sure that he saw McGonagall and Dumbledore smirking. He loved his life.

Severus' life in the other hand was taking drastic changes. He can't be more that happy to be rejected by James. But that wasn't the matter. There was only one single problem.

Lucius.

Somehow Lucius had learnt that the Prince had some magical binding with Malfoys that wasn't used for may centuries. The only thing that was preventing him from marrying Severus was his mate, who turned to a dork. Now after this public rejection, Severus was sure that Lucius was already on the move.

He was sitting in the dark arts classroom, watching in fascination as the teacher favoured the Griffindors. More that half the class mocked him. Which wasn't new.

That's when a note appeared at the teachers table.

" Severus Snape, you are requested to immediately return home."

Severus thanked whichever God sent this letter.

He quickly got to the head masters office where he used the floo to get home

He saw both hiss dads waiting for him at the fireplace.

" Sev". They pulled him to a tight hug.

" We are so Sorry sev". His papa sobbed hard.

" Tell me the matter dad".

His dad just looked away. His eyes were also red , veins protruding in his neck and forehead.

" Dad, tell me "

" Please follow me Sev. Please stay here Nicol, I need to speak with him alone"

He followed his dad to his study. Once he entered, the doors slammed shut.

" You are getting engaged"

The Engagement

" You are getting engaged"

Severus was already expecting this.

' Not with Lucius Malfoy".

This earned a surprised look from Severus.

" You see Malfoy did approach with the old binding. Lucius just want your body and money, he would never love you and there is a possibility that he was going to join Grindelwald. So we did the only thing that we could, look for solutions. We found the the Prince family actually had a marriage contract with the Riddle family. But it soon died out as they moved to Switzerland."

" So you guys contacted them". Severus didn't know whether to be happy or sad. He was happy that he no longer wanted to care about Lucius, at the same time he was anxious.

" Severus, we didn't have a choice. We didn't want you to be a slave to the Malfoy and this was the only thing I could think of doing. The Riddles are more trustworthy than the Malfoys. We are really sorry Sev"

" It's okay dad. I can understand your situation. When an I getting engaged"

" Tomorrow"

He gave a soft smile to his dad and walked out of the study towards his room. Once inside he cast a silencing charm and screamed, he screamed his heart out.

He just screamed.

The day of engagement was slow. Slower than a snail. All Severus did was greet the guests. He hadn't met his fiancé. There were just

rumors about this mysterious guy. He just prayed that his soon to be husband was not a baggy man in his thirties smelling like rotting cigarettes.

" Hello Severus". He spun his heals to see a woman in her late thirties smiling fondly at him.

" I am you future mother in law"

Severus was caught off-guard.

" I know Severus, I know that you don't like this and is doing this out if force. But still I wish you and my son to a beautiful life together"

" Where is he then?"

" Will be here soon"

Severus wondered where his life was taking him.

"Severus"

He heard his papa calling him.

" It's time"

He walked to the center of the ball room. He just saw a man, dressed in black, standing next to his place in the aisle.

" Fiancé" Severus scoffed in his mind.

He stood next to him and never even made an effort to look at the other guy's face. However he felt the other guy studying his face with- fondness? He heard some people muttering some spells.. Everything happened so quickly , the rings were exchanged and the binding was done. He was practically married to a stranger. Severus wasted no time in getting off the platform and running upstairs. Right now he didn't care about pure blood etiquette. He got inside his room and slammed it shut. He removed his white coat and fell face first to his bed.

He didn't know how much time he slept like that.

He just slept. He slowly opened his eyes to see another man sitting at the edge of the bed.

" Ughh, excuse me"

The stranger didn't move.

" I was disappointed."

"Eh?"

" I wanted to be your mate"

Well that's new.

" Forgive me if I offend you. I am glad your mate rejected you. He doesn't know what he is missing"

" Could you please at least introduce yourself"

He heard a low chuckle.

The stranger slowly turned. Bright Blue eyes with crimson streaks gazed at him. His wavy Brown hair beautifully arranged. He was wearing a green tuxedo that show off his broad shoulders and fit chest. The guy was good looking.

" You know you should actually look at your husband's face when you exchange the ring."

Just great.

"Do you mind if I sleep here tonight"

"Yes , I do mind".

" I was expecting that. It was worth trying anyway. Bye babe"

A light blush crept into his neck. But we are going to think that was because of the temperature and nothing else.

Who do you want to pair Newt with? I am not familiar with any shippings related to him and I like to bring multiships in my story. So comment.

Husband

He was woken by a light knock in the door.

" Come in". He yelled.

" Morning honey". Tom Riddle entered the room with a cup of coffee in the hand

*What the hell?.*A quick information, Severus liked to sleep naked when at home.

" Who the hell asked you to get in". Severus said frantically trying to gather sheets to cover himself.

" You just did". With smug grin on his face, Tom was standing there dressed in black jeans and white T-shirt(which Severus thought matched him) sipping his morning coffee.

" We are engaged, it's over, aren't you gonna leave".

" How can I?. I have a beautiful wife to take care off"

" Whom are you calling wife?"

" Weren't you the one I put a ring on. Don't tell me, you wanna top?". He said with a fake surprise. "We can try that too"

Severus was surprised. This guy did know how to flirt. Why the hell is his brain going mayday when he actually need it. Blood rushed into his ears.

" Maybe you should get out , I need to change"

"Are you sure you don't want me to stay."

Well let's say that Tom was thrown out like a kitten, literally.

Severus was grumpy. When I say grumpy, really grumpy. The guy

looked like he was gonna murder.

" Um... Severus, we have got something to tell you".

Severus was busy glaring at his fiancee who was inturn busy sending flying kisses at him.

" Severus are you listening to me?". He was brought back from his staring contest by his father's stern voice.

" Stop it Al, let him look at his husband. I can already see the love oozing out of him"

Severus wanted to puke. He didn't know whether his dad was mocking him or not. As far as Severus was concerned, there was nothing but hostility in his gaze.

" So Severus, since you are already engaged, he is technically your mate now. So we thought it would be best if he attend Hogwarts with you. It's your last year after all."

One word. Shit

" Thank you Mr. Prince. I had no idea how I was gonna survive without Sev by my side"

" Don't thank us dear. I do know what it feels like to have your mate away from you. And quit calling like that, you can call us Al and Nicole. You are are future son in law after all".

If his dad hadn't been head over heels for his papa, Severus would soon be plotting his death.

Who thought having a fiancée was this hard. "I have to use the restroom". Severus excused himself from the tiring conversation.

Tom couldn't help but smirk.

falling for him

Each day dragged on. Severus stayed in his room for the rest of the vacation completing his seventh year topics. He thought about his original mate, James Potter. It was true that Severus was a little unhappy when he got rejected, publically. But that was never because of James. It had nothing to do with Potter. If there was a choice, Severus would have rejected him by himself .

He was half way through his Charms lesson as he heard a faint knock.

" Come in"

" Hey" Severus didn't have to look to see who the person was.

" Severus". Tom tried again.

Severus sat there, never taking his eyes off his textbook.

He felt the bed sink next to him.

" Severus"

" Sev"

" Sevvy"

"Babe". Severus glared at him. Before Tom even had the chance to open his mouth, Severus Prince snapped.

" What the hell do you want Riddle?" His nose and cheeks were red with rage.

" You are adorable" If Severus Prince was red earlier, now he was fuming.
Riddle got into his bed and layed on his stomach. He watched his future husband write, stopping time to time to think.

" You are adorable" he watched a light blush appearing at Severus' neck.

" I heard that already"

" I will tell it a thousand time if needed" Severus' just rolled his eyes.

" God, you are cheesy"

" Only for you ". Tom was happy that Severus' was at least getting comfortable enough to retrot with him. He had waited an eternity for this moment, even if he knew that Severus was going to be someone else's. But now , severus was his and his alone.

His train of thoughts were cut by a smack on his head.
" You look like a creep "

Severus went back to his work. Charms was not something he was good at. He simply hated it. He pulled his hair in frustration.

" Don't". Riddle told as he caught Severus' hands and detangled it from his hair. For a moment Severus had forgotten about the male.

" Let me look at it".

Let's say Severus got a really intelligent husband. He watched as Tom explain. His coffee coloured locks, sun kissed skin and his eyes. God his eyes where something else.

" You are staring"

"Huh?" Severus woke from his trance.

" Um, yeah thank you". He said awkwardly. What took over him. He was forced into this marriage, stop acting like this.

Suddenly Tom shifted so that his head was laying in the Slytherin's lap. " I have some doubts in Potions too. Help me"

Nicole slowly opened the door and he wished he had a camera with him.

Tom was laying on the Sev's lap and Severus was explaing something rapidly. He smiled at them.

Tomorrow they would leave for Hogwarts.

The kiss

Tom and Severus along with Severus' parents were at Platform nine and three quarters. Severus was slightly paranoid. Tom slipped his hands into Severus' tiny ones and held it firmly.

Severus felt the hand gliding into his own, a reassurance. Somehow he didn't feel the need to pull away.

" Bye Dads" Severus waved at his parents before following Tom to an empty apartment. Severus didn't like the silence.

" What house are you going to be in?"

Tom shot an amused glance at him before laughing out loud. " Seriously sev, do you think I will be anything other than a slimy snake." Is is a sin to feel relieved about that?, then Severus is a sinner. Severus just nodded bashfully.

A sudden knock on the door interrupted them. " Come in ". Severus was surprised at Tom's deep voice. It was too soft when he spoke to him.

Sirius Black blasted the door open (not literally). He looked between Severus and another boy, no , man, staring intensely at him. Severus rolled his eyes and looked out of the window. That boy didn't deserve any hour of his day.

Soon James Potter and Remus Lupin appeared behind him. They also had the same reaction as Sirius. Remus somehow got out of the shock.

' um, everywhere else is full. So-" he stated nervously.

" Yeah sure " Tom replied nonchalantly. Severus shot him a glare which was met by a wink.

Tom and Severus were sitting opposite to each other. And believe me, Tom almost grabbed his wand when Potter's eyes fell on the

empty seat next to his beloved. With one swift movement, he pulled Severus from the seat and set him down next to him, drapping his arms protectively around the small male.

The marauders were shocked, especially James.

" Who are you? " Sirius asked of course he was the walking emblem of Griffindor bravery.

" Tom riddle, I am from Switzerland. It's my first as well as last year at Hogwarts "

" Why did you come here then?".

" My mate goes there. So yeah-"

Before Tom could even complete James cut him off- " if you have a mate,then why do you have your arm around him". James asked with anger bubbling in his eyes.

Tom chuckled. " Why not? Is it a crime to have my mate aka my future wife"- severus nudged him in the ribs- "um, sorry future husband in my arms?".

James was shook.

Tom lifted Severus' palm and showed their engagement ring. " This one is engaged to me, I mean we are engaged to each other " he grinned at the marauders.

Severus doubted whether Tom was aware of James being his ex-mate.

" We don't believe you " Sirius told crossing his arms.

" Well, is this enough?".

Tom presses his lips to Severus'. Not just a peck, but a full blown make out.

He sucked and bit on Severus' lower lip. Severus gasped, Tom pushed his tongue inside the wet cave. The sensation of Tom's

tongue inside his mouth aroused him. He let out a small moan, which was met by a growl. Tom was literally eating the smaller male.

Tom finally pulled away and turned to the marauders with a stupid (cough-hot-cough) smirk on his face. Severus was busy thinking why he was sitting on Tom's lap. Not that he is complaining or anything.

A/n

Questions my fellow witches and wizards.

• who should I pair with Newt. Do comment. He is too cute to be single.

• what do you think of the story?

• If somehow Severus get pregnant, who should be the child? (Please don't expect pregnancy anytime soon).

The friend

Hogwarts was beautiful, Tom could see that. He admired the great architecture and exquisite taste. Even the smell of old parchments and woods that lingered in the air was seren. Now he wonders why he opted to get homeschooled rather than coming here.

They both got into the carriage pulled by thestrals, invisible to anyone who haven't witnessed death. But he wasn't going to tell that to Severus.

He also wanted to ask him about James. Out of the four, he felt James burning gaze. The other two had fallen asleep on the train, but not James. James just stared at Severus who was sleeping on Tom's shoulder. And yes, Tom did not like that, not one bit. He wondered why the guy was so much interested in Severus.

Soon after train reached a stop, Severus led Tom to an empty carriage. But before they could even start the journey, the annoying three had joined him along with another boy. Can't he have one moment of peace with his husband?

The carriage halted to a stop and they were led to a grand hall. It was lit by floating candles and bright fire lamps. The ceiling mirrored the sky. There were four tables. The tables were almost filled. He watched as his mate sat down in one of table as he was dragged away for sorting.

" Slytherin ". The hat roared. Of course, in his opinion, the sorting was an utter waste of time, he wasn't brave or extraordinarily smart or very warm and kind. He was sly as a snake.

He noticed that teachers were less enthusiastic about his placement in Slytherin. Soon he figured out that there was an unspoken contempt against Slytherins. Ravenclaws were okay with them, they stood with power and knowledge, so it was expected of them. Hufflepuffs ignore them and treated them like plague.

Griffindor was the worst. He had even heard someone shouting unholly things when the hat screamed Slytherin. But he wasn't generalising, for example, there was this girl with flaming red hair who looked extremely happy for him and clapped genuinely. Must be a Muggle born.

He gently walked towards his mate and sat down next to him. He didn't kno why Severus chose to sit at the far end, but he appreciated it. Finally, peace.

" Hey Sev " Tom narrowed his eyes at the boy with huge load of freckles and a dirty brown hair who appeared out of blue. Why was a badger amoung snakes, Moreover why was he with his snake?

He looked at Severus who also smiled at the said boy. Severus turned to him and blushed.

On the other hand Newt was looking between the two. On was his best friend. And Severus blushed, thus Newt knew that the world was going to end (don't be dramatic Newt!)

" This is Tom Riddle-

" His husband" Tom filled in, better claim his wife now so that he can clear any misunderstandings in future. In other words he wanted the boy to know that his Severus was off limits, whoever the guy was.

" Hi, I am Newt Scamander "

" You are not gonna ask anything ?" Severus asked him.

" About what ?"

" About us being husband?"

" Nope, nargles told me "

Lucius.

Tom wandered around the halls. Severus wasn't up yet and Tom won't be able to leave him once he is awake.

He wasn't just wandering, he was looking for a specific Malfoy.

Before leaving for Hogwarts, Nicole had pulled him aside and told him about Lucius Malfoy. Of course Tom was furious. Listing after someone is tolerable, but acting on it against the other person's wishes is not the same.

Lucius Malfoy was the son of one of the biggest business tycoon in the Wizarding world. Thus he was given a separate dorm. ' insolent brat '.

He gently knocked on the dorm room. A sleepy Malfoy opened the door.

" Yes?"

He didn't get a chance to say anything as a heavy punch was thrown at his face.

" Take that mother fucker. Keep your hands of Severus. Not only Severus, if I hear you going around putting that dick in places where it isn't welcomed, I'll fucking chop it off. "

A/N
I was bored and I just wanted to write this.

The Mate

unedited

The classes were interesting. But he had already studied all of them. Still he attended every class with Severus.

Tom knew that potions was his favourite subject. But he wasn't much interested in the potions professor. That guy could pass for a pedophile with all the creopy smiles he gave to pureblood children.

That year, the Griffindors had potions with Slytherin. Both the parties were not happy about that arrangement. Tom watched as his husband scribbled rapidly in the parchment.

James Potter was sitting three rows behind Severus and Tom. He was glaring holes into Tom's head. Sirius and Remus looked questioningly at James, Severus was nothing to him. And he was the one who humiliated him in front of everyone. What's his problem now?

Tom was aware of eyes on him. He saw James Potter glaring at him. Tom smirked. Riddles had always known for their possessiveness.

Tom snaked an arm around Severus' shoulders and pulled him closer. The particular Slytherin was engrossed in his potion, he did not notice.

Tom watched as James cheeks flushed a darker shade of red.

As the class finished, Tom dragged Severus away. Before they even made it to the door, they were stopped by the same red haired girl.

" Hey Sev."

" Lily?"

Tom looked questioningly at the said girl. " Who is this babe?"

Severus shot him a glare. " This is my friend, Lily Evans"

Lily smiled sweetly at him. " And you are?"

" Tom Riddle. His husband"

Lily's eyes widened. " God, Sev, I can't believe you didn't tell me. First of all congratulations. I mean you deserve someone and that someone is not a jerk like Potter. And second-

" Wait a minute. Why is Potter included inthis?"

Lily smiled sheepishly before shooting an apologetic smile at Sev. " You didn't tell him ?"

" Tell me what?"

" That I am his mate". James Potter interrupted them. He stood next to Severus. " I am his mate. We just had a misunderstanding. That's all. It's actually you, who is making all these unnecessary problems "

Tom was fuming now. That guy had the audacity to call Severus his . He was only ex-mate for god's sake.

" Don't even try Potter. You rejected him and it's over. That one is going to be married to me"

" Shut the hell up. You are behind him, just for his body. I am his mate and he is rightfully mine. " James retroted back.

" He is not an object to be owned Potter. Get that into your thick skull. "

James scoffed. " What are you doing here then?. You are just showing your sadistic behaviour, you knew that guy would be someone's, so why bother. "

" I didn't care. I loved him and I knew he had a mate. But you

rejected him. " Tom was screaming by now.

" He doesn't love you. The whole thing is an arrangement. You know that if he takes me back, your vow will break, because you are not yet bonded. ". James said with a wide smirk on his face.

" What the fuck did you say Potter?" Tom aimed his wand at James. His eyes were fully red now. His fangs elongated.

" You can't harm him Tom!"

Suddenly Severus stood Infront of James. To say Tom's creature was hurt was an understatement. The human part of him was different from the vampire part. The vampire one as more sensitive and soft. Right now, he was completely in his vampire form.

" Why is that?"

" Because -"

The groom.

' Crack '

Tom apparated immediately.

" Serves you right Riddle " James screamed at the empty space where Tom stood moments ago. He turned to Severus. " I am really sorry Severus. What I did was wrong, I apologize for that. I am so fucking happy you stood up for me, for us. " He pulled Severus into a hug.

Severus squirmed away from his holds. " I think I need time Potter. Just leave me "

James smiled widely at Severus and left the class.

" Um, Sev? Are you alright?"

Lily asked Severus who was still staring at the empty space. For a moment he forgot that Lily was there. " I am not sure ".

" I think I should go ". He said before scurrying over to his dorms.

_____

Tom was devastated. He felt so ashamed of himself. Who wouldn't? Taking somebody's mate was the most horrible thing in the world. He couldn't believe he as trying to take someone's mate.

He did think that he had a chance to get with his childhood crush. He should have understood that all Severus' attempt to keep him away was in hope of going back to his mate. He forced him into a marriage and even kissed him Infront of his mate.

Tom was back in the manor in Switzerland. He was sitting in the study with head in his hand.

Ever since he was a kid, he was taught the importance of the

significant other. He grew up seeing the love his parents shared. He wanted that for himself. He had always loved the little neko and his eleven year old self wished Severus to be his one day. However, he soon understood that Nekos always had mates while vampires didn't. That means, Severus already had someone.

But then he got rejected, Tom was hopeful.

But not anymore.

The engagement they had, had a lot of demands. One of that was the freedom of breaking it. If the said bride wanted to go back to his or her mate, the engagement breaks itself.
Tom gazed at his empty finger, the ring was gone, meaning Severus wanted to go back to his mate.

" Tom? "

His mother.

" Hello mother "

" It's okay " She said, running hands through her son's hair.
" It's not meant to be "

Tears rolled down his eyes. He silently cried in his mother's arms.

After two hours.

" Prince had sent their apologies. "

Tom just nodded.

" They are truly sorry "

He nodded again.

" They believe that Severus wasn't aware of the terms of the contract "

" I don't care. "

" Son. You loved that kid since forever. You are going to let him go

like that ?"

" What do you think of me mother. I am not a monster who wish to take someone's mate just because I don't have one. And see this- he pointed at his finger- it's gone."

He broke down again.

" Just ask them to give documents and cut off the blood tie. Also send them apologies for meddling in their son's matter. "

" Are you sure?"

" Yes mom. It alright. I will live " he smiled at his mom and decided to continue the paper work he was supposed to do.

In another life maybe we will be together .

The bride (groom)

It's been three days since Tom disappeared. Three day since James Potter started annoying him. There was no letter, no information. Severus sighed. He was sitting in the charms class, listening to professor half heartedly. Newt Scamander sat next to him. His nargles might have told him.

Today he was asked to meet his parents. He simply gazed at the charms notes in front of him. It was actually easy, Tom had helped him with this charms.

He sighed again.

He didn't mean to hurt Tom. He definitely didn't want to stand up for James Potter. He knew that of Tom did something, Tom would be punished heavily. Potter was the teacher's favorite. He couldn't risk it. If only Tom had waited for an explanation.

" Sev?"

He looked up to see Newt staring at him.

" What?"

" The class is over "

He looked around. The class was empty. He gathered his things and walked out along with Newt.

" Sev!"

He heard James calling for him.

" What do you want Potter?"

He said before turning back.
" Come with me to a date. "

" No "

" Why not?"

" I am not free. I have to meet my parents "

" Then let me come with you "

" No"

James tried to calm himself down. Finally he had his mate back, what was his problem now. As a mate, it was his right to be with him.

" Why not?"

" It's family only "

" Am I not a part of it then?"

" No. James you are noone to me. And please refrain yourself from addressing me as your mate, because I am not."

" Well then why did you stand up for me yesterday "
James asked with a cocky grin. He was sure that Severus was just playing hard to get. After all, he was the great James Potter. No one can resist his charms.

" I didn't want anything to happen to Tom. "

James Potter glared the Slytherin who simply continued to walk away. He knew just the way to get Severus to be his. ' just wait. Sweetheart, I will make you mine '

_____

Severus entered the Prince manor. He was already tired, more than usual.

" Dad?"

Nicole was standing next to his husband.

" Please sit down Sev. "

He sat down Infront both his dad's. Nicole looked troubled while his father looked devoid of any emotions. He looked at the small bundle of paper Infront of him.

His dad pushed those papers and a pen towards him. " Sign"

" What are these"? He skimmed through the lines, his heart getting heavier by the minute.

" Why? " Severus asked with glossy eyes.

" It was your choice "

" What choice?"

" If you wish to go back to your mate the engagement breaks. Something you did, triggered the charm. Sev, dear,the ring -"

Severus looked at his finger. His dad was right. It was blank.

" No " he whispered gently before tears started flowing down.

The Vampire Mate

" No!!!" By now, Severus Prince was screaming in agony. Tears streaming down his face.

Both his parents looked at him with an ache in the heart. Nothing could be done here. The engagement is already broken and the Riddles have already cut the blood tie. Somehow they felt that it was partly their fault too. They should have told him about the terms of engagement.

" Son, please ". Nicole pleaded, his eyes also glassy. He didn't like it when his son was unhappy.

" Let me see him dad. I can explain it to him. I didn't want to defend James. I just wanted to prevent Tom from hurting him so that Tom wouldn't be any serious trouble. Please dad. Take me to him. " Severus was half sobbing and half screaming now. His words broke, his throat pained and above that his heart broke.

For first time in thirteen years, Nicole watched his son cry. He looked at his husband , pleading to do something.

" Sev. Please get up and go upstairs. Get some sleep. We will do what we can. " Alexander knew that it was just a simple misunderstanding.

Severus dragged himself up to his room and fell face first into he bed. " I fucking hate you Tom. You couldn't wait for an explanation could you " he screamed into the pillow.

After hours of crying he fell asleep.

Tom was in his study doing all the paperwork he had left behind. But not even piles of paperwork took his mind from Severus. He felt disgusted with himself for craving for somebody else's significant

other.

" Master Riddle " suddenly his house elf popped up in front of him.

" What do you want Jiffy?" He asked.

" Lord Prince has come to see you. "

Tom sighed . " I'll be there in ten minutes. Is Severus here?" His mind raced as the name rolled in his tongue.

" No master "

" Leave Jiffy. I will be there "

Tom gathered himself. He walked down the stairs in confident strides.
The lord Prince was sitting with his mom in the visiting room.

" I will leave you two. "

His mom left him and his ex- father in law.

Alexander Prince was a man of few words. The perfect pureblood heir. Nothing in his life was imperfect, even the failed marriage with the insane lady since Severus came to him through it. But now he carried the burden of a father, his son's happiness.

" My apologies Mr. Riddle-"

" Don't worry lord Prince. I am at fault here. It was selfish of me to push Severus into a relationship he didn't want. And I do know how much a mate means to one and unfortunately I am not blessed with one in this lifetime, but that doesn't allow me to take someone's mate. So I think there is no need for apologies. "

Alexander sighed.

" My son likes you "

Tom scoffed internally at the sound of his heart breaking. He forced a smile before answering-

" He doesn't. He has a mate and even if he had anything towards me, the ring would have stayed. "

Alexander stared at him wide eyed.

" You didn't read the contract. Did you?"

A look of confusion bloomed on Tom's face.

" The ring was a binding. It will disappear, when the magic behind it is convinced that the couple are strong enough to proceed so that it can be replaced by the marriage ring. "

" But I thought, he wished to go back-"

" Under two circumstances the ring disappeared. You thought it was the first one but obviously it's the second. "

" So you think Severus loves me. "

" I don't 'think' Riddle. I am one hundred percent sure. Throughout the thirteen years of my life with my son, I have never seen him crying. The very person is bawling his eyes off now. He even screamed at Nicole. "

Tom didn't reply. He should have waited for the explanation.

" Are you going to come back with me or not?"

Finding You

Tom and Alexander apparated to the Prince mansion. But they were welcomed with a horrible scene.

Nicole was laying down on the floor with a pool of blood around him. His shirt was torn in different places and cuts were clearly visible through them. Seeing his bloodied mate, Alexander rushed towards Nicole.

He checked for a pulse.

Nicole was alive. " Leave Al. I will take care of Severus. "

Alexander had to trust Riddle. He rushed to floo with Nicole wrapped around him.

Tom took his wand and carefully descended the stairs. The hall was empty. Only Severus' door was ajar.He peeped inside.The entire room was a mess. There were burn marks in the walls, a clear indication of spells thrown. The furniture were broken and the clothes were scattered. But no sign of Severus though.

But there was three more scents in the room. Tom tried identifying the unknown scents. Then it hit him all at once-

" Bloody Griffindorks. "

_____

It's been three hours since Severus was taken. He was laying on his bed, tears running down his cheeks as he heard a loud explosion downstairs.

Before he could even get up, the door was opened.

James Potter.

" Hey sweetheart. Missed me?"

Severus paled in fear. He was outnumbered now. He was sure his magic was also exhausted. He tried looking behind James for any sign of his dad.

" Looking for my father in law? My friends are taking care of him"

Severus' face flushed in anger. Potter was advancing towards him. Before Severus could reach for his wand potter launched at him. He pinned neko on the bed.

" That damn Vampire. His scent is all over you." James started taking off Severus shirt. He pressed wet kisses all over the torso of the thrashing male.

" Get the fuck off me Potter. "

Anger was clearly evident on James' face. " What? You would have that Riddle inside you, wouldn't you. NO. YOU ARE GETTING ME. I AM GONNA FUCK YOU. I AM GONNA PUT MY PUPS IN YOU, YOU FUCKING SLUT. "

Suddenly Sirius and Peter came through the door. " Someone has entered the premises. We have to leave now. " Sirius spoke quickly.

James growled before sending a knocking out spell at Severus.

Tom Riddle was mad. He was fucking furious. The disheveled bed sheets showed so much.

Potter could be anywhere. It wouldn't be anything related his family. Potters were actually quite good. They were people of their word. He was sure that they would not side with his son to conduct such a malicious act. It might be something only potter had access to.

Wait a minute. Sev did tell him about a particular place where all four of them hung out. ' *the shreaking shrack.'*

He rushed outside the manor and apparated to Hogwarts. He ran all the way to the place where he believed his mate was.

Before he could get in a spell was thrown at him. He saw Sirius and Peter running towards him with their wands out. An intense duel broke out.

Stupify

Expelliarmus

Reducto

Crucio- yelled Peter.

Before the End

Tom braced for impact. He was almost distracted by Black when a crucio was thrown at him.

But it never came. He saw Lucius Malfoy shooting spell after spell at Peter who was in no league to fight a pure blood heir. He returned his attention to Black.

" Sectumsemphara " he yelled a curse he had seen in Severus' notebook. Black fell on the floor with a giant slash across his chest.He quickly ran inside the shack. There on the floor was Severus Snape. James was above a naked Severus clearly startled by the sudden disruption. " Potter" . He growled.

James was not quick enough to take his wand. Tom threw a body binding spell at him. He pushed James away from his Severus and covered the unconscious male with his coat.

He carried Severus outside. Lucius had already treated Black's wounds and tied them up. Narcissa stood next to him.

" I am really sorry for my stupid behaviour. I have already found my mate and I believe you and Severus are the main reason for that. "

Tom smiled at the Slytherin duo.

He saw the Hogwarts Professors along with Dumbledore running towards them. The moment they reached him, Professor McGonagall started gushing over the bruised Griffindors.

Dumbledore turned towards him. " Using of a dark curse is not acceptable. You will face the court. "

Tom scoffed at the head master. " I didn't cast the spell. It was Peter. You can check his wand if necessary. "

" Now, now. Griffindors would never do that."

" Well yeah. My lawyers would speak with you. Right now, I need to take my mate to the hospital. " Tom glared at the adults and walked away.

_____

James, Peter and Sirius was sent to Askaban.

Remus and the Potters had sent their apologies while Blacks had even suggested a part of their wealth as a compensation for their son's action.

Severus was yet to wake up. Tom sat next to Severus.

" I am so sorry Sev. I should have listened to you. Once you wake up, if you still take me, then I promise you we will get engaged again."

Silence followed.

Tom got up to leave. But a fragile hand stopped him.

" N-no" Severus managed to say with sour throat.

Tom's face was filled with both happiness and disappointment.

" Let's get married please. "

End

"Hadrian"

The voice of a very angry potions master roared through the halls of Riddle manor. The said male was wearing a large black coat with the sleeves rolled up. His hair was pulled up with a green ribbon.

" Tom!!" Since he didn't get a reply for the first call, he tried the second one. Tom appeared behind him and back hugged him. " Yes sweets?"

Severus rolled his eyes at his flirty husband, even after twelve years of marriage, the guy was still the same. He saw Hadrian sitting on the sofa. " Your son has taken privilege in scaring pretty boys away. " He was referring to the Malfoy heir who looked terrified at the sight of his son.

Anger flashed through Hadrian's eyes. He turned to his dad- " I don't scare pretty boys, because there is none except the Blondie".

Tom let out a deep chuckle, the vibration hit Severus' neck. " Sounds familiar doesn't it?" He licked a spot behind Severus' ears and blew soft hot air on the spot. But Severus wasn't having any of it.

" Quit it Tom. I have portions to complete." Severus dashed through the halls away from the devil's grip. Tom stared at his son who was equally surprised at his papa. " So, Malfoy huh?" He cocked any eyebrow at his son.

" Yep. Malfoy."

" You know, we are conducting a party tonight. And the Blondie will be here."

A sly grin spread across Hadrian's face. Tom shook his head.

like father like son.

The final A/n + the next story inthe series

So the book is over. I tried fixing the typos and all, incase you find any, please point it out for me.

I love this ship and I love Jeverus too. But since I had already wrote one, I just wished to try something new. So, this will be the first book in 'Three Generations' series. So it began with Sniddle, next will be Drarry and later it will be Scrobus. Three generation of riddles and their love story.

The next book- ' Be my consort' will be published soon.

EDIT

I am so sorry, i would not publish the next story anytime soon, wattpad deleted that book, now i have to start again.

Thank you for all the views, votes and comments. You can also request me for any ships you like. I am more comfortable with gay romance. Whenever I write Lesbian or straight romances, it just doesn't satisfy me.
